APPEAL

India is the largest democratic country in the world. Each citizen of the country has a major role in building the nation. Voting is an important part of this. As educated persons, all have to participate actively in casting the vote and motivating others to actively participate in the voting process.

Hence, all the students and staff (teaching and non-teaching) of all the colleges are informed to exercise their franchise on 7th December 2018 in the Telangana State General Elections without fail.

Further, all the students are informed to extend their services for web-casting or any other service during the Election process.
